WHERE YOU GO TO JOIN THE MOVEMENT!

“The loudest voices are the furthest and most extreme. So you hear a massively stupid idea, like we’re going to ban Muslims from the country. Now, we’re not ever going to do that. It says in the Statue of Liberty, bring us your huddled masses. It’s not what’s going to happen.”

George Clooney (The GOAT)

“The thing about Trump is that the more I look at him, and understand his philosophies I want to build myself my own little border in the safe confines on my house.”

-TOM ZALE (Known hater of Trump from Chicago)

69-Year-Old Woman Claims She Was Punched by 73-Year-Old Man at Trump Rally in North Carolina

At a Trump Rally in Asheville, North Carolina a 69-year-old protester had reported that a 73-year-old Trump supporter had punched her in the face in the middle of the rally.

The women has said the blow was received because she had said, "he had better learn Russian." A direct blow immediately followed that from the man.

Also during this rally video surfaced of a man who had both slapped a man across the face, and women across the chest before being escorted out of the event.

(The video can be found on nymag.com)

A mans supporters have a direct correlation on how he himself interrupts himself. So rednecks, and bullies... Good self-image.

Peaceful protest against President-elect Donald Trump marches through Berkeley

Peaceful protest is a staple for the DumpTrump campaign. The violent chaotic protests you saw at Oakland, and other large cities are not the doing of the TRUE anti-Trump movement DumpTrump.

By showing they don't do violent protests the anti-Trump movement held a huge peaceful protest traveling through the streets of Berkeley, Cal.

Showing that we can come together as a country and stand up for what we believe in.

In Berkeley, a group of about 50 people started to walk, and later joined by hundreds understanding the magnitude of the situation.
